

Game Test Recorder:

- This role requires both the Feeder and Recorder from the Skills Test
- Second Recorder monitors the second court in play, if needed, otherwise assist on the primary court assigned
- Informs the testees of the bullet points below for testees expectations
- Announces the game matchups as determined by the score sheet, directs testees to appropriate court
- Monitors games, ensures players are in correct positions for announced score, confirm correct score, records final scores on the scoresheet
- Recorder is not a referee or line judge, should not be confirming any calls other than score made by players
- If faults are noticed (foot faults, illegal serves, two bounce violations), remind players between games of these faults
