Committee / Work Area Reports 05/13/2021 Board Meeting

President, Gina Rowsam

The Ratings Workgroup is implementing an additional pilot to review the work done thus far as it relates to the incorporation of volunteers and the preparation piece for those wishing to advance skill levels. Assessment of the process and available volunteers will inform the next steps as we refine and finalize the process. Many club members continue to be involved and all of their efforts and input is appreciated.

Board member assignments and work areas were discussed at the last meeting and each member's enthusiasm and initiative is appreciated!

Our court scheduling process showed itself to be quite nimble and responsive to member requests during this past season where we had our first true opportunity to develop and manage many scheduling options with our total of 36 courts. In the past, when we experienced limitations because of space, the schedule was set and there was not much room to make any tweaks. We have learned much from this recent experience and the input received from members who took the time to initiate suggestions and solutions made all of the difference. Thank you to everyone for your involvement!

Pleased to engage in discussion regarding Intercommunity Play with Quail Creek to run June through August 2021. Watch for separate communications for details.

Web site: several minor changes to follow clinics and court schedule changes.

Schedule: Significant amount of time was spent on developing “summer court schedules”. The schedule includes moving and consolidating afternoon usage with morning use. With the desire by Quail Creek to restart Intercommunity plan after a hiatus last year due to covid several options were proposed for consideration by the board.
